PROME CONSULTANTS LIMITED	**AUDIT REPORT (LEAD SHEET)**	**AUDIT REPORT NO. 04** Cycle: Q4 2026 Internal

AUDITED DEPT - All Departments (PMBDD, CPSD, PDMD, PED, HRAD, FD, SAS) **TYPE OF AUDIT -** **Internal Audit**

DATE OF AUDIT - 27-10-2026 **STANDARD -** **ISO 9001:2015 and 45001:2018 (Integrated Management System)**

AUDIT CRITERIA (M/HIRA Studies, Risk Management/ PR/WI/JD/CL/R):
Manuals, Standard Operating Procedures, Tool Box Talks, Project Quality Plans (PR), HIRA Studies, Work Instructions (WI), Job Descriptions (JD), Checklists (C/L), Statutory Legal Requirements, Objective Records.

LEAD AUDITOR - **Philippa Arinaitwe** **AUDIT TEAM -** Amanya Patience (MR), Mugisha Benjamin, Keitesi Samalie

PERSONS AUDITED -
Stephanie A Canowira (Deputy Head CPSD), Gertrude Nakiyaga (Head SAS), Nampewo Elizabeth (Deputy Head PDMD), Godfrey Ssambwa (Head PMBDD), Ronald Kibuuka (Managing Director), Joseph Kigozi (D. Head PMBDD)

PREVIOUS AUDIT DATE - 21/05/2026 **PREVIOUS AUDIT REPORT NO -** 3 (PROME-IMSR-PMBDD-10)

LEAD AUDITOR CONCLUSION:

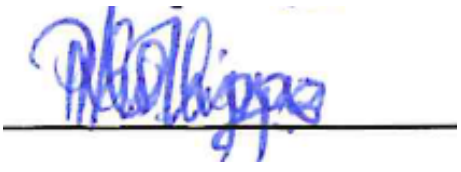

The audit was conducted successfully in accordance with ISO 19011:2018 guidelines and PROME established procedures.

No major non-conformance was identified. One (1) minor non-conformity and two (2) opportunities for improvement were recorded.

Overall System Conformance: GENERALLY EFFECTIVE & CONFORMING TO ISO 9001:2015 & ISO 45001:2018

Audit Findings Breakdown: Zero (0) Major NCs | One (1) Minor NC (NC-2026-01) | Two (2) OFIs (OFI-2026-01, OFI-2026-02)

1. INTRODUCTION & MANAGEMENT SYSTEM CONTEXT

An Integrated Management System (IMS) is a structured framework of processes, procedures, and responsibilities that enables an organization to consistently satisfy customer, statutory, and regulatory requirements while safeguarding the health and safety of its workforce. PROME Consultants Limited, incorporated in 1996 with over 28 years of industry-leading engineering practice, operates an Integrated Management System aligned to ISO 9001:2015 (Quality Management Systems) and ISO 45001:2018 (Occupational Health and Safety Management Systems). Quality Policy: "DOING THE RIGHT THINGS, IN THE RIGHT WAY, FIRST TIME, through innovation and continual improvement while integrating state-of-the-art technology, motivated human resource, and applicable regulatory requirements."

2. AUDIT OBJECTIVES, REQUIREMENTS & BOUNDARIES

1. **Date and Place of Audit:**
   27th October 2026 -- PROME Consultants Limited Head Office, Plot 7B John Babiiha Avenue, Kampala, Uganda.

2. **Audit Objectives:**
   To verify conformity to ISO 9001:2015 and ISO 45001:2018; to determine system effectiveness in meeting customer and statutory requirements; and to evaluate departmental and corporate continual improvement.

3. **Requirements According to:**
   ISO 9001:2015 Quality Management Systems and ISO 45001:2018 Occupational Health and Safety Management Systems.

4. **Audit Scope & Exclusions:**
   Provision of Project Management and Engineering Consultancy Services in the Built Environment. Zero (0) exclusions claimed (Design and Development under PED is fully audited).

3. SCOPE OF CLAUSES AUDITED (ISO 9001:2015 & ISO 45001:2018)

The internal audit encompassed all clauses of ISO 9001:2015 and applicable clauses of ISO 45001:2018, covering: Understanding the Organisation and Its Context (4.1), Understanding the Needs and Expectations of Interested Parties (4.2), Determining the Scope of the Management System (4.3), Leadership and Commitment (5.1), Customer Focus (5.1.2), Quality Policy (5.2), Organisational Roles, Responsibilities and Authorities (5.3), Worker Participation (5.4), Actions to Address Risks and Opportunities (6.1.1), Hazard Identification and Risk Assessment (6.1.2.1), Determination of Legal and Other Requirements (6.1.3), Quality Objectives and Planning (6.2, 6.2.2), Planning of Changes (6.3), Resources (7.1.1-7.1.6), Competence (7.2), Awareness (7.3), Communication (7.4), Documented Information (7.5), Operational Planning and Control (8.1), Emergency Preparedness and Response (8.2), Design and Development (8.3), Control of External Providers (8.4), Service Provision (8.5), Release of Services (8.6), Control of Nonconforming Outputs (8.7), Monitoring and Evaluation (9.1), Evaluation of Compliance (9.1.2), Internal Audit (9.2), Management Review (9.3), Nonconformity and Corrective Action (10.2), and Continual Improvement (10.3).

4. GENERAL OBSERVATIONS & AUDIT PARTICIPATION

The internal audit was conducted in full accordance with the approved Internal Audit Plan (Appendix 1), covering corporate divisions and operational engineering processes. A commendable level of commitment and dedication was displayed across the organization throughout the exercise. Top Management visibly demonstrated its commitment to the continual improvement of the Integrated Management System. Staff members across all interviewed divisions were open, transparent, and objective about their daily processes and identified areas of potential system enhancement.

This report records the evidence-based findings, positive observations, one minor nonconformity, and specific opportunities for improvement looking at practical ways in which PROME operations can be strengthened to maintain high operational standards and effectiveness.

5. THE AUDIT'S MAIN FOCUS AREAS & CONFORMITY CHECKLIST

Audit Focus Area / Standard Requirement	Standard Clause	Conformity Status	Verified Operational Evidence / Remarks
Conformity to core requirements in standard	Clauses 4-10	[X] Conforming	16 Core QMS processes & OHS procedures active
Monitoring and performance against key objectives	Clauses 6.2 & 9.1	[X] Conforming	Q4 performance reports confirm targets achieved
Legal, statutory & contractual compliance obligations	Clauses 4.1 & 6.1.3	[X] Conforming	Statutory licenses verified; compliance log current
Absence of open non-conformances from authorities	Clause 4.2	[X] Conforming	Zero regulatory sanctions, penalties, or open notices
Operating process control & engineering supervision	Clauses 8.1 & 8.5	[X] Conforming	Quality assurance plans & progress meetings verified
Emergency preparedness arrangements & first aid	Clause 8.2	[!] Minor NC	Refer to NC-2026-01 (replenishment controls)
Internal auditing and management review	Clauses 9.2 & 9.3	[X] Conforming	Audit executed per plan; MRM minutes maintained
Management responsibility and quality policy	Clauses 5.1 & 5.2	[X] Conforming	Policy communicated on web/board; staff awareness verified

AUDIT VERDICT: GENERALLY EFFECTIVE & CONFORMING

Audit evidence obtained through document reviews, site inspections, and interviews revealed general conformity to ISO 9001:2015 and ISO 45001:2018. One (1) minor nonconformity was identified concerning first-aid replenishment, and two (2) OFIs were noted.

6. CLAUSE-BY-CLAUSE EVIDENCE-BASED AUDIT EVALUATION

Clause 4: Context of the Organization (4.1 - 4.4) **[Conforming]**

Organization Context, Interested Parties Register, and Scope records are well formulated and aligned to strategic objectives. 16 core QMS processes established without exclusions.

Clause 5: Leadership & Worker Participation (5.1 - 5.4) **[Conforming]**

Top Management actively demonstrated commitment to continual improvement. Approved IMS Policy is communicated via the website and noticeboard. Roles, responsibilities, and organogram clearly defined.

Clause 6: Planning, HIRA & Quality Objectives (6.1 - 6.3) **[Conforming]**

HIRA studies, Risk Matrix, and legal register are systematically updated per Clause 6.1.3. Quality and OHS objectives/targets monitored with timely feedback per Clause 6.2.2; Q4 performance reports confirm targets achieved.

Clause 7: Support, Resources & Competence (7.1 - 7.5) **[Conforming]**

Survey calibration certificates valid up until 2028 per Clause 7.1.5. Communication Matrix (PROME-QSR-AFD-20) current and approved. Job descriptions and staffing plans in place. Note OFI-2026-02 on digital document management.

Clause 8: Operation, Service Delivery & OHS (8.1 - 8.7) **[Conforming with Minor NC]**

EOIs and RFPs properly managed. Quality assurance plans and progress meetings conducted. Emergency parking strictly enforced. Note Minor NC-2026-01 on first-aid replenishment controls, and OFI-2026-01 on escape map contacts.

Clause 9: Performance Evaluation & Compliance (9.1 - 9.3) **[Conforming]**

Internal audit successfully executed per approved schedule. Evaluation of legal compliance conducted per Clause 9.1.2. Management review meetings conducted with recorded decisions and action items.

Clause 10: Continual Improvement (10.1 - 10.3) **[Conforming]**

No major non-conformities identified. Corrective action mechanisms and two targeted opportunities for improvement registered to further strengthen the IMS.

7. DETAILED POSITIVE OBSERVATIONS & STATUTORY COMPLIANCE

A. Integrated Management System (IMS) Strengths:

* Quality and OHS objectives and targets were actively monitored, with timely feedback provided by respective division deputies responsible for implementation.
* A review of the Q4 performance reports indicated that the set strategic and departmental objectives and targets were being achieved.
* Head office premises were maintained in clean and orderly condition, and the corporate compound was exceptionally well maintained.

B. Occupational Health & Safety (OHS) Operational Strengths:

* The organisation's hazard identification and risk analysis (HIRA) of its activities, products, and services under its control and influence, along with associated impacts to people, had been thoroughly reviewed and documented per ISO 45001:2018 Clause 6.1.2.1.
* Workplace inspections and hazard identification checklists were systematically maintained, ensuring early identification and control of workplace risks.
* Fleet safety culture: All company and visitor vehicles were observed parked in emergency / reverse mode at all times.

C. Quality Management & Statutory Compliance Obligations:

* Statutory Legal Compliance Obligations: Compliance with statutory obligations was verified through actual records and certificates, including: (1) Uganda Revenue Authority (URA) Tax Clearance Certificate (TCC); (2) Ministry of Gender, Labour and Social Development OHS Workplace Registration Certificate (Reg. No. OSH 22-00288); (3) Kampala Capital City Authority (KCCA) Annual Trading License (License No. 20231195983); (4) National Social Security Fund (NSSF) Clearance Certificate; (5) Public Procurement and Disposal of Public Assets (PPDA) Register of Providers; and (6) Regular evaluation of compliance records maintained under ISO 45001:2018 Clause 6.1.3 and Clause 9.1.2.
* Professional Industry Standing (Supporting Evidence): As supporting evidence of professional competence and industry standing, PROME maintained active corporate membership in the Uganda Association of Consulting Engineers (UACE) and individual staff registrations with the Engineers Registration Board (ERB).
* Job descriptions, corporate organogram, and staffing plan were in place, ensuring role clarity and deployment of an adequate workforce to support IMS performance.
* Expressions of interest (EOIs) and requests for proposals (RFPs) were properly managed, supporting transparent and structured project acquisition processes.
* Quality assurance plans and progress review meetings were regularly conducted, facilitating systematic project monitoring and quality control.
* The Interested Parties Register, Risk Matrix, Organization Context, and Scope were well formulated with information closely aligned to PROME's strategic objectives and operational needs.
* The Communication Matrix (PROME-QSR-AFD-20) was well documented, current, and approved. Workers demonstrated clear awareness of communication channels.
* Workers interviewed demonstrated awareness and familiarity with the approved IMS policy, which is openly communicated via the website and notice board.
* Supplier Master List was well documented, current, and approved.
* Survey and measuring equipment calibration certificates were verified to be valid up until 2028.

8. ENGINEERING PROJECTS AUDIT SAMPLING & TRACEABILITY REGISTER

Evidence of Integrated Management System (IMS) implementation sampled across active engineering consultancy projects:

Project Reference & Client	Process / Division	Sampled Documents & Records	Clause	Audit Finding
KJE-PPP-01 (Kampala-Jinja Expressway) Client: UNRA	Planning & Engineering Design (PED)	Design Review Minutes; Geotechnical Risk Assessment; Calculation sheets sign-off; PQP-KJE-01.	**ISO 9001:2015 8.3.4, 6.1, 8.5.1**	Conforming. Design reviews signed off by Project Director; risk register updated monthly.
ZLLR-KCCA-2026 (Zadoki Lukoma Road) Client: KCCA	Project Delivery & Supervision (PDMD)	Approved PQP; Request for Approval (RFA) hold-point release forms for Subbase, Crushed Stone Base & Bitumen; Concrete/soil test certs; IPCs.	**ISO 9001:2015 8.5.1, 8.6, 8.7**	Conforming. Traceable hold-point sign-offs; contractor payment certificates certified strictly against verified test results.
TIL-TEP-2026 (Tilenga Oil & Gas) Client: TotalEnergies	Environmental & HIRA (CPSD)	Project HIRA Matrix (PROME-QSR-BE&ED-04); Community stakeholder consultation logs; PPE compliance registers; Safety Moments logs.	**ISO 45001:2018 6.1.2.1, 8.1.2 ISO 9001:2015 8.2**	Conforming. Comprehensive HIRA documented; visitor safety logs maintained; mitigation controls aligned to IFC standards.
EWW-NWSC-2026 (Entebbe Water Works) Client: NWSC	Detailed Design & Survey (PED)	Topographical raw survey data; GPS RTK and Total Station Equipment Calibration Certificates (valid to 2028); Peer-review sign-offs.	**ISO 9001:2015 7.1.5, 8.3.4, 7.5**	Conforming. Measuring gear calibration certified valid to 2028; peer review checklists attached to final design submissions.
BD-PROPOSALS-2026 (Bids & Tenders Portfolio) Clients: JICA, MoWT, UNOC	Business Development (PMBDD)	EOI and RFP filings; Technical proposal quality reviews; Approved Supplier Master List; Subconsultant agreements & ratings.	**ISO 9001:2015 8.2.3, 8.4**	Conforming. Standardized bidding governance; tender risk reviews documented; approved supplier register maintained.

9. AUDIT FINDINGS: MINOR NONCONFORMITY (NC-2026-01)

The audit identified zero (0) Major Nonconformities and one (1) Minor Nonconformity as detailed below:

NONCONFORMITY REPORT: NC-2026-01 [MINOR NONCONFORMITY] **Clause: ISO 45001:2018 Clause 8.2 (Emergency Preparedness)**

Standard Requirement: *"The organization shall establish, implement and maintain process(es) needed to prepare for and respond to potential emergency situations... including the provi*

Audit Finding / Facts: During safety inspection of the head office facilities, expired first-aid supplies were found in the primary first-aid box.

Justification (Minor): Established emergency preparedness arrangements exist (kits present, designated first aiders appointed); this finding does not indicate that the entire emergenc

Corrective Action: 1. Dispose of expired supplies and immediately replenish with fresh, certified first-aid consumables.

Responsible: Administration & HR / OHS Officer 2. Update the documented First-Aid Inspection Checklist assigned to the OHS Officer. **Target Due Date: 15 November 2026** Verified at the Next Management Review

10. OPPORTUNITIES FOR IMPROVEMENT (OFI) REGISTER

The audit identified two (2) targeted opportunities for improvement to strengthen IMS implementation and efficiency:

OFI-2026-01: Emergency Contact Information on Process / Escape Maps **Target Date: 30 November 2026**

Standard Clause: ISO 45001:2018 Clause 8.2 (Emergency Preparedness and Response) Responsible: Administration & OHS / Facilities

Observation: Emergency contact telephone numbers were not displayed on the process / escape evacuation route maps posted within the building.

Recommendation: Including relevant emergency contact numbers (Police, Fire Brigade, Medical Emergency, Facilities Manager) on all escape routes will improve access to essential information and facilitate timely communication during emergency situations, in direct alignment with ISO 45001:2018 Clause 8.2.

OFI-2026-02: Transition from Printed Documents to Digital Document Management **Target Date: 15 December 2026**

Standard Clause: ISO 9001:2015 Clause 7.5 (Documented Information) & Clause 8.1 (Operational Planning) Responsible: All Divisions / ICT & Quality Assurance

Observation: Excessive reliance on printed documents was identified across operating divisions during daily routines.

Recommendation: An opportunity exists to improve resource efficiency and operational speed by reducing paper consumption and progressively transitioning routine paper workflows to the PROME Intranet / IMS portal, introducing digital approvals, and enforcing electronic document distribution in line with ISO 9001:2015 Clause 7.5 and Clause 8.1.

APPENDIX 1 -- INTERNAL AUDIT PLAN & TIMETABLE

Approved schedule for the Internal Audit conducted on 27th October 2026 at PROME Consultants Limited.

Time	Subject / ISO Clauses Evaluated	Auditees / Participants
0900 hrs	Opening Meeting - Audit scope, objectives, methodology, and confirmation of schedule.	All PROME Workers Lead Auditor & Audit Team
1000 hrs	Top Management Session - Leadership and commitment (QMS) 5.1.1 - Customer focus 5.1.2 | Quality policy 5.2.1 - Planning to achieve quality objectives 6.2.2 - General improvement 10.1 - Understanding the organisation and its context 4.1 - Understanding needs & expectations of interested parties 4.2 - Actions to address risks and opportunities 6.1.1	Eng. Ronald Kibuuka (MD) Elizabeth Nampewo (PDMD) Stephanie Canowira (CPSD)
1100 hrs	System Design and Control - Determining the scope of the QMS 4.3 - Resources 7.1.1 - 7.1.6 - Competence 7.2 | Awareness 7.3	Human Resource (HRAD) Quality & Regulatory Assurance Document Controller
1300 hrs	Lunch Break & Auditor Preliminary Caucus	All Staff / Audit Team
1400 hrs	Operational Support & Engineering Execution - Organisational roles, responsibilities, authorities 5.3 - People 7.1.2 | Infrastructure 7.1.3 | Environment 7.1.4 - Organisational knowledge 7.1.6 | Service delivery 8.5	Human Resource, RA, Division Process Owners, Project Engineers
1600 hrs	OHS & Legal Compliance Session - Leadership and worker participation 5.4 - Identification of legal and other requirements 6.1.3 - Hierarchy of controls 8.1.2 | Evaluation of compliance 9.1.2	Philippa Arinaitwe (Lead Auditor) Safety Committee Members Facilities Officer
1800 hrs	Closing Meeting - Presentation of audit summary, positive observations, minor NC, and OFIs. - Formal lead auditor conclusion and management sign-off.	All PROME Workers Managing Director & MR

APPENDIX 3 -- INTEGRATED AUDIT PROGRAMME & VERIFICATION MATRIX

Master alignment of PROME core QMS/OHS processes against ISO 9001:2015 and ISO 45001:2018 criteria.

Division / Department	Process / Focus Area	Applicable ISO Clauses	Audit Status
Top Management	Strategic Context, Policy, Objectives & MRM	4.1, 4.2, 5.1, 5.2, 6.2, 9.3	**Conforming**
PMBDD	Business Development, Proposals, EOIs & RFPs	8.2, 8.4, 6.2.2, 7.4	**Conforming**
PDMD	Project Planning, Site Supervision & Customer Focus	5.1.2, 8.1, 8.5, 8.6, 8.7	**Conforming**
PED	Detailed Engineering Design & Technical Verification	8.3, 7.1.5, 7.1.6, 8.5	**Conforming**
CPSD	HIRA Studies, ESIA, Environmental & Safety	6.1.1, 6.1.2.1, 6.1.3, 5.4, 8.2	**Conforming**
HRAD & AFD	Competence, Staffing, Infrastructure, Accounting	5.3, 7.1.2, 7.1.3, 7.2, 7.3	**Conforming**
Quality & Audit	Internal Auditing, CAPA & Continual Improvement	9.2, 10.1, 10.2, 10.3	**Conforming**
Documentation (SAS)	Document Control, Records Management & Master List	7.5, 8.1	**Conforming**

FORMAL LEAD AUDITOR CERTIFICATION STATEMENT

The internal audit was conducted in accordance with ISO 19011:2018 guidelines and PROME's established audit procedures. Based on the evidence reviewed, PROME's Integrated Management System was found to be generally effective and conforming to the applicable requirements of ISO 9001:2015 and ISO 45001:2018.

Report Prepared By: Philippa Arinaitwe (Lead Auditor)

Endorsed By: Amanya Patience (Management Representative) & Eng. Ronald Kibuuka (Managing Director)
